

**POSTAGE METERING SYSTEM FOR**  
**USE WITH BUSINESS REPLY MAIL**

**Abstract of the Invention**

A method of operating a postage metering system for printing a  
5 postage indicium for use with a business reply mail piece. The method  
includes the step(s) of: (i) transmitting a registration ID number to a data  
center, the registration ID number being associated a particular mail  
campaign of which the business replay mail piece is a part; (ii) receiving  
postage indicium information from the data center, the postage indicium  
10 information including delivery address information generated using the  
registration ID number; and (iii) printing the postage indicium on the business  
reply mail piece using the postage indicium information.
